

## Providing A Better Way To Eliminate Hazardous & Regulated Medical Waste

### The Leader In Small-Scale Waste Destruction

Introducing the CoronaLux™ Medical Waste Destruction System. Designed to meet the most stringent customer needs.

- Best low cost solution for **incinerate-only** waste
- Freedom to operate on your schedule
- Simple in-house, on-demand process
- Fully PLC controlled
- Minimal maintenance
- Eliminate dependence on incinerators or other high temperature plasma systems
- Low operating costs
- No spare parts inventory required
- Unprecedented efficiency
- Increase confidentiality
- Reduce risk profile
- Eliminate creation of legacy issues

### Dependability

#### Defines Our Corporate Culture

Speak to one of our technical representatives to see how the CoronaLux™ process can help your business:

- Fully supported by Paragon's Field Service Team
- Installation, start-up, commissioning, and training provided
- Regular maintenance program available
- Substantially increase your bottom line

### Paragon

#### The Waste Destruction Specialists

Easily destroy any waste stream:

- Biohazardous
- Infectious
- Pathogenic
- Chemo and related agents
- Pharmaceuticals
- Tissue

Is your bottom line going up in *smoke* paying someone else to incinerate your hazardous wastes?

**Paragon Waste Solutions  
can save you money!**

## The Power Of The Light

### The Paragon Waste Solutions CoronaLux™ Technology

The Paragon system is a patent-pending, low-energy plasma assisted pyrolytic process that makes it possible to reliably and safely destroy hazardous, chemical, biological, and regulated medical waste in-house and on-demand. The system eliminates emissions associated with high temperature thermal processes such as incineration or high energy plasma.

The **CoronaLux™** System not only sterilizes waste, it destroys it!

- Pathological and Chemo Waste
- Infectious Waste
- Sharps (sterilize)
- Pharmaceutical Waste
- Chemical Waste
- Dental Center Waste
- Dialysis Center Waste
- Surgical Center Waste
- Tattoo Parlor Waste
- Medical Spa Waste
- Testing Products
- Other Waste
